 **National Platform Committee Application**

Name	Caryn Ann Harlos
Email	carynannharlos@gmail.com
Address	Street Address: 874 S. Lindsey Street City: Castle Rock State / Province: CO Postal / Zip Code: 80104
Phone Number	(561) 5232250
Are you a dues-paying member of the National Party? Since when?	Yes, since 2014
How are you involved in any local Libertarian activities?	Let me count the ways! Yes, I am currently running for Membership Director; I am the former Communications Director and Social Media Chair; I am co-chair of this convention committee; I am answering questions on a form I created; I've been on the past three platform committees and C&B committees, including chairing the LPCO platform committee two times, and the last national platform committee chair. My complete Libertarian resume is located at: http://lpedia.org/Caryn_Ann_Harlos
Have you ever served on a Platform Committee? Do you have any reports or finished products you can refer me to? What are your specific qualifications to serve on this particular committee? Can you provide references?	Yes multiple times and was elected chair of the last national platform committee. I was chair of the LPCO platform committee during the complete platform rewrite as well and a lay historian on the ideological history of the party. I can provide copies of my reports to anyone who wishes. My complete Libertarian resume is located at: http://lpedia.org/Caryn_Ann_Harlos
Are you intending to fundamentally change our Platform or any portion thereof? What area(s) do you think are the strongest? The weakest?	No. The strongest are the portions bluntly stating our position on aggression. I think in today's culture, a statement on "hate speech" and offensive speech needs to be included.
Do you support the non-initiation of force principle (as referring to more than a promise not to revolt against the state)?	Yes.
Have you read the Statement	If I could, I would have it tattooed on my rump.

"Ballot Selfie" Lawsuit

In 2016, Caryn Ann and several other defendants sued the Colorado Secretary of State, State Attorney, and Denver Attorney General over a Colorado statute forbidding the disclosure of the contents of one's own ballot.^[1] This came in the wake of multiple similar suits, including a successful overturning of a similar law in New Hampshire.^[2] View a copy of the Complaint and the Order for Injunctive Relief as well as a copy of the Colorado statute that was overturned.

Ideology

Caryn Ann is an ideological anarchist/voluntaryist who has become distinguished for presentations on the Dallas Accord and the Statement of Principles. She is also widely known as a pro-life Libertarian having authored "Abortion and the Libertarian Conscience."^[3] She is also a pacifist, but this is for religious, rather than political, reasons.

Radical Caucus

Caryn Ann has been a public face for the Radical Caucus and was a key mover in its formal organization prior to the 2016 National Convention. She was its Colorado State Coordinator from 2016-2017. She no longer maintains membership in any caucus believing that Party officers need to steer clear from any appearance of factionalism.

2017 Appointment to Platform Committee

At the LNC Meeting on April 15, 2017, Caryn Ann was appointed to the Platform Committee for the 2018 Convention. In the first round of voting there was a 4-way tie between Adam Bates, Aaron Starr, Joe Henchman, and Caryn Ann Harlos. Those four were the only ones included in the second round which then had a tie between Aaron Starr and Caryn Harlos at 9 votes each (and a majority). In round three of voting Aaron Starr and Caryn Ann Harlos each received 8 votes, and Adam Bates received 6 votes. For the next round, the rules were suspended to allow only one vote rather than approval voting. In round four, no one received a majority with Aaron Starr receiving 8 votes, Caryn Ann Harlos receiving 6 votes, and Adam Bates receiving 3 votes. A motion to suspend the rules to appoint Aaron Starr failed and voting went to another round. In the fifth round, no candidate received a majority with Aaron Starr receiving 6 votes, Caryn Ann Harlos receiving 8 votes, and Adam Bates receiving 2 votes. In round 6, Aaron Starr and Caryn Ann Harlos each received 8 votes, and Adam Bates received 1 vote. The rules were suspended to have the results determined by a coin flip between Aaron Starr and Caryn Ann Harlos. The minutes describe the results as follows:

Using a New Jersey quarter which Mr. Redpath purportedly obtained from The Sopranos on his last visit, Mr. McKnight conducted the coin toss, and Ms. Harlos called the “New Jersey / tails” side of the coin. Ms. Harlos won the coin toss, thus she was appointed to the fifth position on the Platform Committee, and Mr. Starr was appointed as an alternate.

In February 2018, Caryn Ann and Alicia Mattson both sought the Platform Committee Chair position. The results came in as follows:

Voting for Mattson: Carling, Clift, Craig, DiBenedetto, Mattson, Robson, Van Horn

Voting for Harlos: Cholko, Fulner, Harlos, Knapp, Longstreth, Morris, Nanna, Perry, Rosenbeck, Scheetz, Watts

Express abstentions: Fockler, Miron

With 11 votes out of 18 ballots cast, Caryn Ann Harlos is elected as committee chair, having received a majority vote.

2018 Run for LNC Secretary

On February 28, 2018, Caryn Ann announced her run for LNC Secretary^[31] and launched her campaign website in March 2018.^[32] Her campaign is managed by Sarah Dagers. She won against incumbent Alicia Mattson and fellow challenger Jeff Wood on the first ballot with 56.621% of the votes. Caryn Ann's campaign was ran with zero negative campaigning and in fact she was cited by Alicia Mattson in Mattson's campaign materials as someone who called Ms. Mattson "one of the best secretaries" she has ever worked with.

Popular Libertarian evangelist Larry Sharpe endorsed Caryn Ann for this position.

of Principles? Do you agree with it?

Are you aware of the Dallas Accord and if so, do you support it? Would you favour proposals that broker additional unity bridges between Party minarchists and Party anarchists?

Yes, I am considered the Rain Man of the Dallas Accord.

When did you first read the National Platform? Have you read the past Platforms of the Party? (national and state)

9/17/14. Yes. All of them. And every state platform available.

Will you commit to committee transparency (i.e. the meetings and email lists be open to observation by Party members)?

Absolutely.

Some travel is required for this Committee. There will be one in-person meeting prior to Convention and then a meeting the day before Convention at the Convention site. Will you be able to make these?

Yes

Please give a brief (a few sentences) summary of your understanding of Libertarian philosophy?

You own yourself and the products of your labour and no one has any inherent claim on any of your property.

Do you think that the Platform should be more radical, more moderate, or stay just about the same on that spectrum?

I don't think those terms describe my position - I think there are some holes though it was improved greatly in 2016.

Do you think our Platform or Bylaws should be tailored to appeal more to the right or the left?

Neither. That has been our problem.

Do you favour returning to language that mirrors the Dallas Accord (i.e., using the phrase "existing governments" and the like)?

Yes

Do you hold that taxation is theft?

Yes

Can you please submit a sample Platform change you would propose? (no change needed is an acceptable answer)

Language that is perceived to be offensive to certain groups or individuals is not a cause for any legal action.

Is there anything else you wish to add? You may submit additional sheets or a resume by emailing communicationsdirector@lpcolorado.org

Nope

Name	James Treibert
Email	treibert@yahoo.com
Address	Street Address: 410 Leo lane City: Thornton State / Province: Colorado Postal / Zip Code: 80260
Phone Number	(720) 9848332
Are you a dues-paying member of the National Party? Since when?	Yes since 2016 I think
How are you involved in any local Libertarian activities?	Some volunteer outreach booths and attended Adams county Colorado meetings.
Have you ever served on a Platform Committee? Do you have any reports or finished products you can refer me to? What are your specific qualifications to serve on this particular committee? Can you provide references?	None n/a I have a good memory and support the current platform. I can maybe provide a reference.
Are you intending to fundamentally change our Platform or any portion thereof? What area(s) do you think are the strongest? The weakest?	I think it should change a little. Against support assistance suicide or I am prolife regards to abortion. Either these should be in the platform or eliminate pro choice or assisted suicide.
Do you support the non-initiation of force principle (as referring to more than a promise not to revolt against the state)?	Yes I do
Have you read the Statement of Principles? Do you agree with it?	Yes I did. I agree with them
Are you aware of the Dallas Accord and if so, do you support it? Would you favour proposals that broker additional unity bridges	Yes I do but not all of it. I support more unity with all libertarian philosophies. Buildings bridges the best than arguing over social media.

National Platform? Have you

Yes I did read the national platform. No, I did not.

this Committee. There will be

Where would I travel to and when. If it's for a few
times it's fine.

Please give a brief (a few
sentences) summary of your
understanding of Libertarian
philosophy?

Traditional Libertarian philosophy to me tends
towards anarchy, but more mainstream is not. The
government need to be small not completely
eliminated

Do you think that the
Platform should be more
radical, more moderate, or
stay just about the same on
that spectrum?

This depends on the what is written. I think a
mixture of both.

Do you think our Platform or
Bylaws should be tailored to
appeal more to the right or
the left?

More to the right to make it more appealing.

Do you favour returning to
language that mirrors the
Dallas Accord (i.e., using the
phrase "existing
governments" and the like)?

Yes I do but make it not very radically similar.

Do you hold that taxation is

proposals that broker additional unity bridges between Party minarchists and Party anarchists?

When did you first read the National Platform? Have you read the past Platforms of the Party? (national and state)

2000, yes, and yes

Will you commit to committee transparency (i.e. the meetings and email lists be open to observation by Party members)?

Abso-freaking-lutely!

Some travel is required for this Committee. There will be one in-person meeting prior to Convention and then a meeting the day before Convention at the Convention site. Will you be able to make these?

Yes.

Please give a brief (a few sentences) summary of your understanding of Libertarian philosophy?

Live and let live, minimal government, maximum personal freedom and responsibility, peace, prosperity, and property.

Do you think that the Platform should be more radical, more moderate, or stay just about the same on that spectrum?

It's in a good place and I would like to keep it there.

Do you think our Platform or Bylaws should be tailored to appeal more to the right or the left?

Neither.

Do you favour returning to language that mirrors the Dallas Accord (i.e., using the phrase "existing governments" and the like)?

Depends on the specifics.

Do you hold that taxation is theft?

No. Taxation is extortion, which is worse than theft!

Can you please submit a sample Platform change you would propose? (no change needed is an acceptable answer)

Not on hand at the moment.

You can [edit this submission](#) and [view all your submissions](#) easily.
