

Dear Members and Subscribers,

The 2025 LP Colorado State Convention will be held **May 31, 2025** at the **Wild Animal Sanctuary**, 2229 County Route 53, Keensburg CO 80643. Business will start at 9am. Credentialing will start at 8:15am. Business is free to attend. Those who are registered party members at least **90 days** before convention and are either **sustaining LPCO** members or **National Lifetime** members may vote on party business. Lunch tickets will be available at [lpcolorado.org](http://lpcolorado.org) soon. Anyone attending the convention including friends and family can enjoy the animal exhibits at a discounted price of \$20!

We do regret to inform you that the Board did not meet the requirements of Article X, Section 1(a)(1) of our Bylaws, which mandates soliciting applications for the Bylaws and Platform Committees within 60 days after the even-year Annual Convention and appointing five at-large members within 120 days. This oversight means we could not properly form these committees, and thus, no annual or minority reports can be used to propose amendments for the upcoming Annual Convention. Per Article XV, Sections (a) and (b), amendments to the Bylaws or Platform in odd-numbered years require either such committee reports or written notice of the amendment's formal language, signed by two Sustaining Members, submitted to the Board at least 30 days prior to the Convention and posted to the Party's website within two business days. As we have not met these conditions, we must acknowledge this error and adjust our approach to comply with these provisions. We apologize and are committed to preventing such oversights moving forward.
