

## Board Reports

### Membership Director

Sorry about the delay, it's been a busy week.

My first focus was to get access to our data so I could actually speak with our membership, which I got my login but with the recent changes in management and my busy schedule frankly haven't gone over, but can do a christmas message within the month to get this going hopefully assuming our systems are functional.

My biggest win for us is having set up a meeting with the Colorado state director of Americans for Prosperity on Monday, which is the largest libertarian grassroots org in the country with an extremely strong Colorado chapter that is apparently isolated from our Liberty movement. AFP is Koch funded with deep pockets, and extremely effective in its action so this should be a big win for recruitment and activism.

I also helped get Ross set up with the YAL chapter at Mines to attempt to recruit activists and leaders from them. There are 5 kids there who are solid attendees/involved who we are hoping to bring into the LP, especially at least for local jeffco work.

### Fundraising Director

The convention planning is moving forward. We have a signed contract with the Doubletree in Aurora. Thanks to Daniel Lutz we have Adam Kokesh as a speaker. Jo Jorgensen has also accepted the invitation to speak. I would like to see if someone from F.I.R.E. Might be available for little or no cost.

We are working on the Festivus party. It will be held at 21079 E. Mineral Drive in Aurora. (The home of Kevin and Michele.). We will raise money here to offset some of the upfront cost of the convention. Snacks and soda will be served. It is a BYOB for the hard stuff, although, I must note that there was liquor in the storage locker. The board should decide how to use that.

Because I just got a new computer and had limited access to my old computer, I haven't gotten my fundraising letter completed. I hope to have that ready by tomorrow night.

Jeff Orrok is helping me generate a list of previous monthly donors who dropped the LPCO donation over the last several years. I want to contact each of them and see if we can restart some of those pledges.
